

G-K UNITED WAY

“Never underestimate the power of giving. It shines like a beacon throughout humanity. You cannot hold a torch to light another’s path...with brightening your own.”

The United Way is a voluntary federation of not-for-profit agencies run by concerned people from Genoa and Kingston – your neighbors. We are investing in program that:

- Help people become self-reliant
- Build stable families
- Promote health and prevent illnesses
- Help kids succeed

Why a United Way?

Instead of each member agency running on individual solicitation, the United Way consolidates them into one campaign.

How is the goal determined?

Each member agency submits its budget and program to the United Way Board of Directors. The Board then considers the total agency needs and determines a goal based on the ability of Genoa and Kingston to support all its member agencies.
