Electrostatic Sprayer Purchasing Program

The purpose of this program is to provide electrostatic sprayers to businesses in the City of Genoa amidst the COVID-19 Pandemic. These sprayers will be provided at no cost to the businesses to increase safety precautions for employees and their customers. The only requirement to qualify for this program is that the business must be located in one of the City of Genoa’s commercial or industrial districts.

This program has been funded with an initial \$20,000 from the City’s General Fund, which would allow for 25 applicants that meet the qualification to receive 1 cordless handheld electrostatic sprayer and 12 32 oz. bottles of disinfectant. Following the first 25 applications, the Council will consider an additional allocation of funds.

Victory Electrostatic Handheld Sprayer

The Professional Cordless Electrostatic Sprayer allows the user hours of spraying time without the hassle of dragging a cord. In addition, it is designed to save time and labor, spray less liquid, and cover more surfaces. Victory Sprayers' patent pending technology provides an electrical charge to solutions, allowing them to wrap conductive surfaces with an effective and even coverage. Double-charged particles envelope all conductive surfaces – shadowed, vertical and underneath.

Key Features

- Patented electrostatic charge penetrates chemical providing a thin even spray pattern on all surfaces
- Weighs only 5.9 lbs. with a full tank
- Cordless convenience allows for effortless movement room to room
- 3-in-1 nozzle lets you set the spray particle size to match your application
- Easy Fill HDPE 33.8oz refillable tank allows you coat up to 2800 sq. ft. on 40 micron setting
- Victory 16.8V Lithium-Ion battery allows you to run between 20-80 tanks on a single charge
