

**TABLE 1 (Cont.)
Desirable Trees**

**Small Trees
Spacing 20-30'
Size 10 - 30' Ht.**

Parkway Width 6' Minimum

				Genus Max% Allowed
Genus	Species	Cultivar	Common Name	
Acer	ginnala		Amur Maple	10%
Acer	pennsylvanicum		Striped Maple	10%
Acer	griseum		Paperbark Maple	10%
Acer	campestre		Hedge Maple	10%
Acer	tartaricum		Tartarian Maple	10%
Acer	truncatum		Purpleblow Maple, Shantung	10%
Acer	truncatum	x Norwegian Sunset	Norwegian Sunset Maple	10%
Amelanchier	arborea		Juneberry/Serviceberry	10%
Amelanchier	canadensis		Shadblow serviceberry	10%
Amelanchier	x grandiflora	Many	Grandiflora Serviceberry	10%
Carpinus	caroliniana		American Hornbeam	10%
Cercis	canadensis	Many	Red Bud	10%
Cornus	mas	Many	Corneliancherry Dogwood	10%
Corylus	avellana	Contorta	Harry Lauder's Walking Stick	10%
Cotinus	obovatus	Grace	American Smoketree	10%
Crataegus	crusgalli	inermis	Thornless Hawthorne	10%
Euonymous	alatus	Many	Burning Bush	10%
Malus	500+ sub species	Many	Ornamental Crab	10%
Ostrya	virginiana		American Hophornbeam	10%
Syringa	reticulata	Ivory Silk	Japanese Tree Lilac	10%
Syringa	reticulata	Summer Snow	Japanese Tree Lilac	10%
Syringa	vulgaris	400+	Common Lilac	10%

Small trees are appropriate in parkway locations where, due to space limitations, where larger trees can not be used without creating spacing conflicts either above ground with wires or below ground, with utilities or space of the parkway itself.

Small trees tend to be more ornamental than their larger counterparts creating an added aesthetic dimension to the town's streetscape.
