NEW BUSINESS

DISCUSSION REGARDING PROPOSALS FOR RESIDENTIAL WASTE HAULING: Mayor Brust began the discussion by stating that the purpose of the meeting was to have an open forum for Residents to ask questions and give their concerns about choosing a waste hauler for the next 5 years. Mayor Brust stated that the city had an opportunity to send out Request for Proposals to new waste haulers and compare apples to apples to see if we could save the residents some money. Out of those proposals that were sent out, 4 potential waste haulers came back with proposals and the city council has now narrowed it down to 2 haulers. First is keeping with our current waste hauling company Waste Management or going with a new company called Flood Brothers. We have both companies present tonight to complete a presentation and answer any questions. City Administrator, Alyssa Seguss put together a power point defining each of the companies and what their proposals and costs are for the new contracts. After an in depth discussion with questions from the council and residents with answers being given by Waste Management and Flood Brothers.

No final decision was made as of tonight, it will be on the next regular city council meeting agenda. A final decision would like to be completed by September 22, 2021 to give time for the contracts to be finalized and if a new company will be taking over to have time to get everything in place by November 1, 2021.

Motion made by Alderman Stevenson to adjourn the Special Committee of the Whole meeting, seconded by Alderman Cravatta. Voice vote was taken. All voted yes. Motion carried. Meeting was adjourned at 8:00 p.m.
