

**CITY OF GENOA**  
**WASTEWATER TREATMENT**  
**COMMITTEE MEETING**  
***MINUTES***  
March 15, 2023

Nick Bradac called the March 15, 2023 City of Genoa Wastewater Treatment Committee Meeting to order at 6:05 PM.

On roll call, members Nick Bradac and Walter Stage were present; Janice Melton and Janis Tures, City of Genoa were also present.

**Old Business:**

- A. Mr. Bradac moved and Mr. Stage seconded to approve the February 16, 2023 and March 1, 2023 Wastewater Treatment Committee meeting minutes. Upon voice vote, all members present voted aye.

**New Business:**

- A. Discuss User Charges: The City of Genoa Public Works Director presented to the Wastewater Treatment Committee regarding the City's User Charges and presented a recommendation to the Committee based on data within the presentation derived from local communities and the City's ordinances. Ultimately, a recommendation was made to increase the User Charges for those users with meters larger than 1", which would be non-residential users. These non-residential users utilize more capacity and therefore it seems fair that they pay a larger User Charge to accommodate that capacity dedicated to larger users. The Wastewater Treatment Committee will finalize their decision on both the User Charges and the increase to the rates at a future meeting.

**Motion to Adjourn:**

Mr. Bradac made a motion to adjourn the meeting at 6:59 PM, seconded by Mr. Stage. Upon voice vote, all members present voted aye.
