New Public Works Director

After a comprehensive search for a new Public Works Director with a competitive candidate pool and hiring process, the City Council has appointed a new director, Lucas Smith!

Congratulations, Lucas and welcome to Genoa!

“Hello, my name is Lucas Smith and I am happily married to my wife Ally. We welcomed our first child, Michael, in the fall of 2023, and have been enjoying this exciting time in our lives together as a family of 3 🗨️. I am an avid hunter and fisherman, and hope to go on a moose hunt within my lifetime. Being a classic car enthusiast, I spend my free time at car shows and fixing up classic cars with my 🗨️. Professionally, I was the previous Water Superintendent for the Village of Carpentersville. I was responsible for the operations and maintenance of all of the Village’s Water Treatment Facilities. I previously worked for Utilities Inc. where I held the titles of Compliance Manager and Area Manager. During my tenure as compliance manager, I was responsible for all safety and environmental compliance across 7 states in the Midwest and Mid-Atlantic 🗨️. During my tenure as Area Manager, I was responsible for the operations and maintenance of 9 public water systems and 1 Wastewater Treatment Facility. With my diverse background in Workplace Safety, Environmental Compliance, and Water/Wastewater Treatment, I believe I will make a great asset to the City of Genoa and I look forward to helping this community prosper.”
